

## **RISK MANAGEMENT POLICY**

### **Background and Context Applicability:**

Enterprise risk management was not mandatory according to the Companies Act 1956. However, as per the new law, there are specific requirements that a company needs to comply with. This document lays down the framework of Risk Management at the **DCC Infra Projects Limited**. This document shall be under the authority of the Board of Directors of the Company. It seeks to identify risks inherent in any business operations of the Company and provides guidelines to define, measure, report, control and mitigate the identified risks.

### **Objective:**

The objective of Risk Management at **DCC Infra Projects Limited** is to create and protect shareholder value by minimizing threats or losses, and identifying and maximizing opportunities. An enterprise wide risk management framework is applied so that effective management of risks is an integral part of every employee's job.

### **Key Compliance Requirements:**

**Section 134:** The board of director's report must include a statement indicating development and implementation of a risk management policy for the company including identification of elements of risk, if any, which in the opinion of the board may threaten the existence of the company.

**Section 177(4):** Every Audit Committee shall act in accordance with the terms of reference specified in writing by the Board which shall, inter alia, include,—

(vii) evaluation of internal financial controls and risk management systems.

### **3. SCHEDULE IV [Section 149(8)]**

#### **II. Role and functions:**

The independent directors shall:

- help in bringing an independent judgment to bear on the Board's deliberations especially on issues of strategy, performance, risk management, resources, key appointments and standards of conduct;

- satisfy themselves on the integrity of financial information and that financial controls and the systems of risk management are robust and defensible;

## **Role of Audit Committee**

The role of the Audit Committee shall include the following:

11. Evaluation of internal financial controls and risk management systems;

## **Risk Management**

A. The company shall lay down procedures to inform Board members about the risk assessment and minimization procedures.

B. The Board shall be responsible for framing, implementing and monitoring the risk management plan for the company.

C. The company shall also constitute a Risk Management Committee. The Board shall define the roles and responsibilities of the Risk Management Committee and may delegate monitoring and reviewing of the risk management plan to the committee and such other functions as it may deem fit.

Information to be placed before Board of Directors

### **RISK MANAGEMENT:**

Risk management, by and large involves reviewing the operations of the organization followed by identifying potential threats to the organization and the likelihood of their occurrence, and then taking appropriate actions to address the most likely threats.

The risk management process involves identifying the risks an organization is subject to, deciding how to manage it, implementing the management technique, measuring the ongoing effectiveness of management and taking appropriate correction action.

The basic activities in any risk management system are.

### **Objectives:**

1. Improving decision making, planning and prioritization by comprehensive and structured understanding of business activities, volatility and opportunities/ threats.

2. Contributing towards more efficient use/ allocation of the resources within the Organization.
3. Protecting and enhancing assets and company image.
4. Reducing volatility in various areas of the business.
5. Developing and supporting people and knowledge base of the organization.
6. Optimizing operational efficiency

## **APPLICABILITY**

This policy shall complement the other policies of DCC Infra Projects Limited in place e.g. Whistle blower Policy to ensure that the risk if any arise.

The following steps to be taken:

**Risk identification:** To identify organization's exposure to uncertainty. Risk may be classified in the following:

- i. Strategic
- ii. Operational
- iii. Financial
- iv. Hazard

**Risk Description:** To display the identified risks in a structured format

- Name of Risk
- Nature of Risk Strategic, Operational, Financial, Hazard.
- Quantification of Risk Significance & Probability
- Risk Tolerance/ Appetite Loss Potential & Financial Impact of Risk.
- Monitoring & Review
- Potential Action for Improvement Recommendations to Reduce Risk
- Strategy & Policy Development Identification of Function Responsible to develop
- To display the identified risks in a structured format

## **BROAD PRINCIPLES**

The Board has to review the business plan at regular intervals and develop the Risk Management Strategy which shall encompass laying down guiding principles on proactive planning for identifying, analyzing and mitigating all the material risks, both external and internal viz.

Environmental, Business, Operational, Financial and others. Communication of Risk Management Strategy to various levels of management for effective implementation is essential.

Risk Identification is obligatory on all vertical and functional heads who with the inputs from their team members are required to report the material risks to the Board of Director(S) along with their considered views and recommendations for risk mitigation.

## **RISK FACTORS**

The objectives of the Company are subject to both external and internal risks that are enumerated below:-

- **External Risk Factors**
  - Economic Environment and Market conditions
  - Political Environment
  - Competition

### **Revenue Concentration and liquidity aspects-**

The risks are therefore associated on each business segment contributing to total revenue, profitability and liquidity. Since the projects have inherent longer time-frame and milestone payment requirements, they carry higher risks for profitability and liquidity.

### **Inflation and Cost structure-**

Inflation is inherent in any business and thereby there is a tendency of costs going higher. Further, the project business, due to its inherent longer time-frame, as much higher risks for inflation and resultant increase in costs.

### **Legal –**

Legal risk is the risk in which the Company is exposed to legal action. As the Company is governed by various laws and the Company has to do its business within four walls of law, the Company is exposed to legal risk.

- **Internal Risk Factors**
  - Project Execution

- Contractual Compliance
- Operational Efficiency
- Hurdles in optimum use of resources
- Quality Assurance
- Environmental Management
- Human Resource Management

### **Risk Evaluation:**

After risk analysis, comparison of estimated risks against organization risk criteria is required. It is to be used to make decisions about the significance of risks and whether each specific risk to be accepted or treated.

### **Risk Estimation:**

Can be quantitative, semi quantitative or qualitative in terms of probability of occurrence and possible consequences.

Impact level on performance/profit – Both Threats and Opportunities

### **Reporting**

1. Internal Reporting
  - a) Risk and Audit Committee
  - b) Board of Directors
  - c) Vertical Heads
  - d) Individuals
2. External Reporting

### **Board Approval**

The Action Plan and guidelines shall be approved by the Board before communication to the personnel for implementation.

The Board shall approve the Risk Management (including Risk Treatment) strategy, control structure and policy guidelines and delegate authority and accountability for risk management to the Company's executive team.

The guidelines shall include prescription on:

- Risk Treatment

Treatment of Risk through the process of selecting and implementing measures to mitigate risks. To prioritize risk control actions in terms of their potential to benefit the organization. Risk treatment includes risk control/ mitigation and extends to risk avoidance, risk transfer (insurance), risk financing, risk absorption etc. for

- a) Effective and efficient operations
- b) Effective Internal Controls
- c) Compliance with laws & regulations

Risk Treatment shall be applied at all levels through carefully selected validations at each stage to ensure smooth achievement of the objective.

## **REVIEW**

This policy shall evolve by review by the Risk and Audit Committee and the Board from time to time as may be necessary.

This Policy will be communicated to all vertical/functional heads and other concerned persons of the Company.

This Policy may be amended or substituted by the Board as and when required and also by the Compliance Officer where there is any statutory changes necessitating the change in the policy. However, no such amendment or modification will be binding on the Directors and employees unless the same is communicated in the manner described as above
